Width:

0.620 inches

Thickness:

0.020 inches

Length:

1.200 inches

Attachment Method:

Cemented

Environmental Protection:

Corrosion resistant and heat and hydraulic fluid and hydrocarbon fuel and moisture resistant and salt spray resistant and weather resistant and mildew resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Lockheed aircraft copr, aileron control valve, p/n --- serial no. ---mfr name --- 1st side

Color:

Natural inscription

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
