**Width:**

Between 4.500 inches and 4.625 inches

**Thickness:**

0.032 inches

**Length:**

Between 5.438 inches and 5.562 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Corrosion resistant and hydrocarbon fuel and thermal shock resistant and weather resistant

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial legend, vehicle carrier, guided missile equipment, xm730 shipping cubic-1062 cu.Ft.--, gross weight 27875 lbs ---, shipping wt 14890 lb single side

**Color:**

White inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625, type 2, class 2 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0

**Mil-std (military Standard):**

Mil-a-8625 spec.
