Width:

2.830 inches

Thickness:

0.003 inches

Length:

5.180 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Warning 3000 psi air do not attempt repair on pressurized system 1st side

Features Provided:

Solvent activated adhesive tape

Color:

Red, federal standard 595, 31136 border

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5, alloy alclad 2024 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
