#### Width:

- 2.830 inches
- Thickness:
- 0.003 inches

# Length:

5.180 inches

## Attachment Method:

Adhesive

## **Basic Shape Style:**

Rectangular

## Marking Designation:

Legend 1st side

## Inscription:

Warning 3000 psi air do not attempt repair on pressurized system 1st side

#### **Features Provided:**

Solvent activated adhesive tape

Color:

Red, federal standard 595, 31136 border

## Material:

Aluminum alloy

# Material Specification:

Qq-a-250/5, alloy alclad 2024 federal specification single material response

#### Surface Treatment:

Anodize

# Shelf Life:

N/a

#### Unit Of Measure:

---

# Demilitarization:

No

## Fiig:

A528w0
