Width:

2.000 inches

Thickness:

0.030 inches

Length:

4.000 inches

Attachment Method:

Hole

Environmental Protection:

Corrosion resistant and nonphenolic grease solvent and salt spray resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend@ closure, hard top, for truck@ 2 1/2 ton, 6x6, m44 series, truck@ 5 ton, 6x6, m39 series ---, ---, contract no. ---, serial n 1st side

Color:

White inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-a-8625 spec.
