Width:

0.875 inches

Thickness:

0.031 inches

Length:

2.750 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Operating frequency megacycles, telephone circuit direction 1st side

Color:

White border

Material:

Plastic

Material Specification:

L-p-387 federal specification single material response

Surface Treatment:

Lacquer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
