Width:

0.830 inches

Thickness:

0.020 inches

Length:

5.500 inches

Attachment Method:

Double flange

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Cylinder hydraulic servo, part no. 41000310, serial no. ---, bhc part no., bhc specification no., made in u.S.A. 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, 0 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
