Width:

0.990 inches

Thickness:

0.005 inches

Length:

2.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

/partial legend/ aircraft motor, volts &&&, phase &&&, freq &&&, rpm &&&, amps &&&, mfd &&&, duty &&&, fsn &&&, contr no. &&&, s/n &&&, pn &&& 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, 0 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
