Width:

1.880 inches

Thickness:

0.020 inches

Length:

1.410 inches

Attachment Method:

Hole

Environmental Protection:

Hydrocarbon fuel

Marking Designation:

Insignia 1st side and legend 1st side

Inscription:

W/lube pump data and mfr emblem

Color:

Red, federal standard 595, 11136 inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h18 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
