**Width:**

1.880 inches

**Thickness:**

0.020 inches

**Length:**

1.410 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Hydrocarbon fuel

**Marking Designation:**

Insignia 1st side and legend 1st side

**Inscription:**

W/lube pump data and mfr emblem

**Color:**

Red, federal standard 595, 11136 inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100, h18 federal specification single material response

**Surface Treatment:**

Paint

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
