Width:

0.750 inches

Thickness:

0.016 inches

Length:

1.312 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend & indicator, airspeed, mach no. And max. Allowable speed, type avu&8a/a, fsn 6610&895&0677, mfrs. Part no. S85&a 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4, alloy 2024, t6 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
