Width:

1.000 inches

Thickness:

0.020 inches

Length:

2.000 inches

Attachment Method:

Hole

Environmental Protection:

Corrosion resistant and hydrocarbon fuel

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

28 volts dc output 1st side

Special Features:

2 mtg holes 0.135 inch min. To 0.147 inch max. Dia., spaced 1.677 inches min., 1.697 inchesmax. C to c

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
