Width:

1.937 inches

Thickness:

0.032 inches

Length:

1.312 inches

Attachment Method:

Hole and slot

Basic Shape Style:

Oval elliptical

Marking Designation:

Legend

Inscription:

4a 12 v internal vibr supply 4a 24v internal vibr supply

Color:

White inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052 federal specification single material response

Surface Treatment:

Varnish

Surface Treatment Specification:

Mil-v-173, type 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-v-173 spec.
