Width:

3.000 inches

Thickness:

0.003 inches

Length:

4.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Caution - assure that fall-away topis in exploder bore rod prior to insertion of torpedo into launching tube 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

White, federal standard 595, 37875 inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
