Width:

0.500 inches

Thickness:

0.016 inches

Length:

2.180 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

1st inscription: universal electric co. Owosso, michigan u.S.A. No oiling required; 2nd inscription: volts cycle amps. Ser. R. P. M. 1st side

Color:

Natural and black 1st side inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/2, alloy 3003 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
