**Width:**

1.500 inches

**Thickness:**

0.032 inches

**Length:**

8.000 inches

**Attachment Method:**

Soldered

**Environmental Protection:**

Corrosion resistant

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Keep plug out except when defrosting, washing down or air testingsheathing 1st side

**Color:**

Red inscription

**Material:**

Steel

**Material Specification:**

Qq-s-766, class 302 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
