Width:

1.500 inches

Thickness:

0.032 inches

Length:

8.000 inches

Attachment Method:

Soldered

Environmental Protection:

Corrosion resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Keep plug out except when defrosting, washing down or air testing sheathing 1st side

Color:

Red inscription

Material:

Steel

Material Specification:

Qq-s-766, class 302 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
