Inside Diameter:

0.875 inches

Material Thickness:

0.031 inches

Body Length:

3.562 inches

Body Width:

1.500 inches

Inscription:

Remove extension and telescope before firing

Features Provided:

Legend

Color:

White inscription

Material:

Steel

Material Specification:

Qq-s-777, comp 1085 federal specification single material response

Surface Treatment:

Enamel

Style Designator:

Split cylindrical w/tab

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A529t0
