Width:

0.750 inches

Thickness:

0.031 inches

Length:

7.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular w/rounded end

Marking Designation:

Legend 1st side

Inscription:

Prime mover assembly for type h-1 heater, w/ident data 1st side

Color:

White inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052, h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
