Width:

1.000 inches

Thickness:

0.020 inches

Length:

1.120 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

1st inscription: sterer; 2nd inscription: engineering and mfg. Co. Los angeles calif; 3rd inscription: utility power package; 4th inscription: part no. 12140-3n10-0 sikorsky spec. No. S6165-63553-1 serial no. --- 3000 psi 18-30 vdc inspectors stamp u. S. Prop. 1st side

Features Provided:

Reflective surface

Color:

Blue 1st side inscription and black 1st side inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-561-cancelled federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
