Width:

2.410 inches

Thickness:

0.032 inches

Length:

3.440 inches

Attachment Method:

Hole

Environmental Protection:

Abrasion resistant and corrosion resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend, heater, combustion 30, 000 btu/hr, model no. 8430d24a, stock no. /-----/, ordnance no. 11618978, contract no. /-----/, seria 1st side

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
