Width:

1.000 inches

Thickness:

0.020 inches

Length:

1.500 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

1st inscription: configuration ident family designation no./-----/part ident no./-----/serial no./-----/; 2nd inscription: g. E. Control no./-----/spec no./-----/design code 70210 supply data stock no./-----/nomenclature/-----/control no./-----/; 3 1st side

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/2, alloy 3003 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
