**Width:**

1.000 inches

**Thickness:**

0.020 inches

**Length:**

1.500 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

1st inscription: configuration ident family designation no./-----/part ident no./-----/serial no./-----/; 2nd inscription: g. E. Control no./-----/spec no./-----/design code 70210 supply data stock no./-----/nomenclature/-----/control no./-----/; 3 1st side

**Color:**

Natural inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/2, alloy 3003 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
