**Width:**

7.265 inches

**Thickness:**

0.020 inches

**Length:**

7.635 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Abrasion resistant and accelerated light and acid resistant and heat and hydrocarbon fuel and salt spray resistant and weather resistant

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial legend operating instructions before starting check the following 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
