**Width:**

8.500 inches

**Thickness:**

0.020 inches

**Length:**

10.560 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Abrasion resistant and acid resistant and weather resistant and accelerated light and heat and hydrocarbon fuel and salt spray resistant

**Design Shape:**

Rectangle

**Color:**

Aluminum, natural

**Material:**

Aluminum alloy

**Material Specification:**

Qq-s-150/1, alloy 1100 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A529e0
