Width:

8.500 inches

Thickness:

0.020 inches

Length:

10.560 inches

Attachment Method:

Hole

Environmental Protection:

Abrasion resistant and acid resistant and weather resistant and accelerated light and heat and hydrocarbon fuel and salt spray resistant

Design Shape:

Rectangle

Color:

Aluminum, natural

Material:

Aluminum alloy

Material Specification:

Qq-s-150/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529e0
