**Width:**

1.250 inches

**Thickness:**

0.032 inches

**Length:**

4.620 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Corrosion resistant and weather resistant

**Basic Shape Style:**

Rectangular w/rounded ends

**Marking Designation:**

Legend 1st side

**Inscription:**

Equilibrator 8426930 no. --- 19--- mfd. By--- 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100, h12 federal specification 1st material response or qq-a-250/1, alloy 3003, h12 federal specification 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
