**Width:**

0.375 inches

**Thickness:**

0.031 inches

**Length:**

1.188 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Corrosion resistant

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

U.S.Patent re 22550 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/8, alloy 5052, h22 federal specification single material response

**Surface Treatment:**

Lacquer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
