Width:

3.500 inches

Thickness:

0.028 inches

Length:

6.000 inches

Attachment Method:

Hole

Environmental Protection:

Corrosion resistant and hydrocarbon fuel and thermal shock resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Mechanical equipment identificatin data 1st side

Color:

Brass inscription

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
