Width:

2.000 inches

Thickness:

0.020 inches

Length:

2.188 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

Accelerometer transducer, model serial no., potentiometer, range, resistance, cap. Non ind. Amps, switch range, mfr data

Features Provided:

Pressure sensitive adhesive tape

Color:

Black inscription background

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
