Width:

1.250 inches

Thickness:

0.003 inches

Length:

2.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Helmet sight assembly contr.--- part number--- mfd. By. Sperry + univacunivac part no. 2251773-00 ser. No.--- mfg. Date---con 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
