Width:

1.750 inches

Thickness:

0.030 inches

Length:

4.500 inches

Attachment Method:

Hole

Environmental Protection:

Corrosion resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Caution 6 volt lamps are installed in this vehicle 1st side

Special Features:

Includes 2 studs and 2 o rings for mounting

Color:

Yellow, federal standard 595, 13538 border

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-a-8625 spec.
