Width:

1.930 inches

Thickness:

0.003 inches

Length:

2.590 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Transmitter, syncro, angle of attack or side slip type q2, part no., stock no., serial no., range, contr no., wiring diagram 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Aluminum border

Material:

Aluminum

Material Specification:

Qq-a-1876 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
