Width:

1.120 inches

Thickness:

0.032 inches

Length:

4.000 inches

Attachment Method:

Hole

Environmental Protection:

Abrasion resistant and heat

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

W/temperature amplifier-ab control data 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052 federal specification single material response

Surface Treatment:

Varnish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
