**Width:**

1.120 inches

**Thickness:**

0.032 inches

**Length:**

4.000 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Abrasion resistant and heat

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

W/temperature amplifier-ab control data 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/8, alloy 5052 federal specification single material response

**Surface Treatment:**

Varnish

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
