Width:

2.000 inches

Thickness:

0.032 inches

Length:

2.875 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend & aircraft dc starter & generator, spec 204&060&200, starter generator, max volts 28, volts 30, max amps 1000, amps 300, weight 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
