Width:

0.812 inches

Thickness:

1.438 inches

Length:

Between 0.750 inches and 0.874 inches

Attachment Method:

Hole

Environmental Protection:

Weather resistant

Design Shape:

Rectangle

Color:

Aluminum, natural

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052, h34 federal specification 1st material response or qq-a-250/11, alloy 6061, t4 federal specification 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529e0
