**Width:**

1.120 inches

**Thickness:**

0.020 inches

**Length:**

1.600 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Corrosion resistant

**Basic Shape Style:**

Rectangular w/rounded ends

**Marking Designation:**

Legend 1st side

**Inscription:**

W/mfrs ident data 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/2, alloy 3003, h14 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
