Width:

Between 3.625 inches and 3.656 inches

Thickness:

0.375 inches

Length:

3.750 inches

Design Shape:

Rectangle

Special Features:

0.625 in. Radius 2 corners 3.750 in. Apart

Material:

Aluminum alloy

Material Specification:

Qq-a-327, 6061, t6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification 1st treatment response or mil-c-5541, paint, system 22, ostd-52 military specification 2nd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529e0

Mil-std (military Standard):

Mil-a-8625 spec.
