Width:

1.380 inches

Thickness:

0.030 inches

Length:

2.500 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Aircraft machine gun 7.62 mm gau 2b/a fsn 1005-903-0751 contr no. /-----/mfr/-----/serial no. /-----/us dd insp appd/-----/ 1st side

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-c-5541 spec.
