Width:

1.000 inches

Thickness:

0.012 inches

Length:

2.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Nitrogen cylinder valve w/arrow pointing up on left side 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

White inscription

Material:

Copper alloy

Material Specification:

Qq-b-626 federal specification 1st material response or qq-b-637 federal specification 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
