Width:

3.000 inches

Thickness:

0.032 inches

Length:

4.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend test set, landing gear warning amplifier 65700-90400-045 115v 10 400 cycle serial --- for complet list of units see instruction book departm 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-327, alloy 6061-cancelled federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
