**Width:**

2.000 inches

**Thickness:**

0.032 inches

**Length:**

3.000 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial legend test unit, landing gear warning amplifier 65700-90400-046 115v 10 400 cycle serial --- a unit of test set 67700-90400-046 manufactured for d 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-327, alloy 6061-cancelled federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
