Material Thickness:

0.013 inches

Body Length:

0.270 inches

Wire Accommodated diameter:

Between 0.125 inches and 0.220 inches

Color:

Aluminum, natural

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, 0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A529t0
