Width:

1.250 inches

Thickness:

0.020 inches

Length:

1.800 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

Confidential xgds-2 controlled comsec item government property tsec/kg-40 _paralle! No. ---

Special Features:

Reverse side inscription confidential xgds-2 controlled comsec item government property tsec/kg-40 _serial? No. ---

Color:

Red inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052, h32 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-a-8625 spec.
