Width:

4.125 inches

Thickness:

0.030 inches

Length:

6.500 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

1st inscription: heater operating instructions; 2nd inscription: to start heater 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
