Width:

0.625 inches

Thickness:

0.003 inches

Length:

1.500 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend transducer, log qc, synchrotel mfrs part no. G2347180831 serial no.---component of cpu-46/a range 110 to 1050 knots rate
130.308 % 1st side

Features Provided:

Reflective surface

Color:

Black inscription background

Material:

Aluminum

Material Specification:

Mil-a-148-cancelled military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-a-148-cancelled spec.
