Width:

2.750 inches

Thickness:

0.020 inches

Length:

6.000 inches

Attachment Method:

Hole

Environmental Protection:

Abrasion resistant and acid resistant and hydrocarbon fuel

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend compressor, air, rotary, ded, 4 wheel 600 c.F.M. 100 p.S.I. Type mc-6 model 3m600 rpv contr no.Dsa700-75-c-8563 ser 7p408
mfgd 1 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
