**Width:**

2.750 inches

**Thickness:**

0.020 inches

**Length:**

6.000 inches

**Attachment Method:**

Hole

**Environmental Protection:**

Abrasion resistant and acid resistant and hydrocarbon fuel

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial legend compressor, air, rotary, ded, 4 wheel 600 c.F.M. 100 p.S.I. Type mc-6 model 3m600 rpv contr no.Dsa700-75-c-8563 ser 7p408  
mfgd 1 1st side

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
