Width:

1.750 inches

Thickness:

0.003 inches

Length:

3.380 inches

Environmental Protection:

Abrasion resistant and accelerated light and salt spray resistant and water resistant and hydrocarbon fuel and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Power distribution unit nsn--- part no.--- cont no.--- us 1st side

Color:

Black inscription background

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-a-8625 spec.
